

BURGESS-NORTON MFG. CO.

To Whom It May Concern:

Our company has been dealing with Just In Time for several years and I am totally satisfied with their service. They have always helped me out when I am in a bind (lunch at the last minute, etc.). Their food is excellent and they are always willing to accommodate us and they also always go out of their way to get our food to us quickly, when needed, and it is always done very professionally.

I have also used them personally for a picnic at my house and the food and service were excellent.

I highly recommend Glenn and his staff at Just In Time. I believe they are the best catering business in the Fox Valley Area.

Sincerely,
